NUCLEAR WASTE TECHNICAL REVIEW BOARD

Panel Meeting on System Safety, Human Factors, and Transportation Issues

Pursuant to its authority under section 5051 of Public Law 100-203, the Nuclear Waste Policy Amendments Act of 1987, the Nuclear Waste Technical Review Board's (the Board) Panel on Transportation & Systems will hold a meeting June 14, 1995, in Arlington, Virginia. The meeting, which is open to the public, will be held at the Holiday Inn Arlington at Ballston (near the Ballston Metro stop on the Orange Line), 4610 North Fairfax Drive, Arlington, Virginia 22203; Tel (703) 243-9800; Fax (703) 527-2677.

The one-day meeting will begin at 8:30 a.m. The agenda includes discussion of the application of system safety and human factors engineering to the Department of Energy's (DOE) civilian radioactive waste management program. For example, the Department of Energy (DOE) will present a safety analysis of tunnel boring machine operations at Yucca Mountain, Nevada. The agenda also includes a review of progress in the multipurpose canister (MPC) development effort and updates on parts of the DOE's transportation

program, including developments in truck cask certification.

As with all the Board's meetings, time will be set aside on the agenda for comments and questions from the public. To ensure that everyone wishing to speak is offered time to do so, the Board encourages those who have comments to sign the Public Comment Register which will be located at the sign-in table on the day of the meeting. Written comments for the record also may be submitted to the Board staff at the sign-in table.

The Nuclear Waste Technical Review Board was created by Congress in the Nuclear Waste Policy Amendments Act of 1987 to evaluate the technical and scientific validity of activities undertaken by the DOE in its program to manage the disposal of the nation's high-level radioactive waste and spent nuclear fuel. In that same legislation, Congress directed the DOE to characterize a site at Yucca Mountain, Nevada, for its suitability as a potential location for a permanent repository for the disposal of that waste.

Transcripts of the meeting will be available on computer disk or on a library-loan basis in paper format from Davonya Barnes, Board staff, beginning August 9, 1995. For further information, contact Frank Randall, External Affairs, Nuclear Waste Technical Review Board, 1100 Wilson Boulevard, Suite 910, Arlington, Virginia 22209; (703) 235-4473.

Dated: May 5, 1995.

William Barnard,

Executive Director, Nuclear Waste Technical Review Board.

SECURITIES AND EXCHANGE COMMISSION

[File No. 1-9751]

Issuer Delisting; Notice of Application to Withdraw From Listing and Registration; (Champion Enterprises, Inc., Common Stock, \$1.00 Par Value)

May 5, 1995.

Champion Enterprises, Inc. ("Company") has filed an application with the Securities and Exchange Commission ("Commission"), pursuant to Section 12(d) of the Securities Exchange Act of 1934 ("Act") and Rule 12d2-2(d) promulgated thereunder, to withdraw the above specified security ("Security") from listing and registration on the American Stock Exchange, Inc. ("Amex").

The reasons alleged in the application for withdrawing the Security from listing and registration include the following:

According to the Company, in addition to being listed on the Amex, the Securities is listed on the New York Stock Exchange, Inc. ("NYSE"). The Security commenced trading on the NYSE at the opening of business on May 2, 1995 and concurrently therewith the Security was suspended from trading on the Amex.

In making the decision to withdraw the Security from listing on the Amex, the Company considered the direct and indirect costs and expenses attendant in maintaining the dual listing of the Securities on the NYSE and the Amex. The Company does not see any particular advantage in the dual trading of the Securities and believes that dual listing would fragment the market for the Security.

Any interested person may, on or before May 26, 1995, submit by letter to the Secretary of the Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549, facts bearing upon whether the application has been made in accordance with the rules of the Amex and what terms, if any, should be imposed by the Commission for the protection of investors. The Commission, based on the information submitted to it, will issue an order granting the application after the date mentioned above, unless the Commission determines to order a hearing on the matter.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.

Jonathan G. Katz,
Secretary.
